### 1.9 Community only Products

Where a “C” is indicated, you may submit a Tender Bid for Principal Supply Status for community supply for that Tender Item.

### 1.10 Community and Hospital Products

Where a “C” and an “H” are indicated, you may submit a Tender Bid for Principal Supply Status for community supply and/or hospital supply for that Tender Item. You may also submit a Combined Community/Hospital Tender Bid in accordance with clause 2.5 of Schedule Three.

### 1.7 Termination and amendment of Invitation

Pharmac may:

## 2. Information about submitting a Tender Bid

---

### 2.1 Types of Tender Bids

- (a) Where a Tender Item includes different forms and strengths of a Chemical Entity or entities, your Tender Bid may, but does not need to, include all of the forms and strengths of the Chemical Entity or entities contained in that Tender Item.
- (b) Where you submit a Tender Bid for a Tender Item, you must submit separate Tender Bids for that Tender Item for each unique product you are proposing to supply. For example different pack sizes or brands must be submitted as separate Tender Bids.

### 2.2 Consents not yet held

You may submit a Tender Bid for a Tender Item where your brand of the Tender Item is yet to obtain Market Approval and all necessary Consents. In those circumstances, you may be required to demonstrate your ability to obtain Market Approval and those Consents within a time frame acceptable to Pharmac. For example, you may be required to demonstrate that you have the dossier for that brand of the Tender Item ready to submit to Medsafe within one month of such a request being made by Pharmac.

For the avoidance of doubt, where your brand of the Tender Item:

- (a) is yet to obtain Market Approval and all necessary Consents, any time period to obtain Market Approval and those Consents shall be exclusive of the Lead Time indicated on your Tender Bid;
- (b) is supplied under an exemption under the Medicines Act 1981, the Tender Item shall not be classified as holding Market Approval or a Consent for the purposes of this Invitation.

### 2.3 Individual Tender Bids

You may submit more than one bid for a Tender Item (for example, you may submit separate bids for different pack sizes (or other equivalent grouping for a Medical Device) of a Tender Item).

### 2.4 Aggregated Tender Bids

- (a) You may, in addition to submitting a separate Tender Bid for each Tender Item, submit an Aggregated Tender Bid, provided that:

## Schedule 3

- (i) in the case of a pharmaceutical that is not a Medical Device, each brand contained in an Aggregated Tender Bid is only a different form and strength of the same Chemical Entity;
  - (ii) you may not aggregate across different chemical entities when submitting a Tender Bid;
  - (iii) you may not aggregate within a single Tender Item (for example, two different brands or pack sizes);
  - (iv) you must also submit a separate Community Tender Bid and/or Hospital Tender Bid, as applicable, for each particular Tender Item.
- (b) Where a Tender Item includes different forms and strengths of a Chemical Entity or different entities (for example, a two-part injection), and you bid for the whole Tender Item, that is not an Aggregated Tender Bid.

### 2.5 Combined Community/Hospital Tender Bids

You may submit a Combined Community/Hospital Tender Bid, provided that you must also submit a separate Community Tender Bid and a separate Hospital Tender Bid for each Tender Item in respect of which you submit a Combined Community/Hospital Tender Bid.

### 2.6 Aggregated Combined Community/Hospital Tender Bids

You may submit a Tender Bid that is both an Aggregated Tender Bid and a Combined Community/Hospital Tender Bid, provided that you comply with clauses 2.4 and 2.5 above.

### 2.7 No conditions

You cannot make a conditional Tender Bid nor qualify a Tender Bid in any way.

### 2.8 Separate offers

## 5. Evaluation

---

### 5.1 Process of evaluation

The Evaluation Committee, taking such regulatory, legal, medical and other advice as it considers appropriate, will evaluate all conforming Tender Bids that have been checked for conformity under clause 6(a) of this Schedule, and any non-conforming Tender Bids that are admitted for consideration under clause 6(b) of this Schedule.

### 5.2 Matters for evaluation

The Evaluation Committee will evaluate Tender Bids in light of Pharmac's statutory objective which is "to secure for eligible people in need of pharmaceuticals, the best health outcomes that are reasonably achievable from pharmaceutical treatment and from within the amount of funding provided". In doing so the Evaluation Committee will be guided by the Factors for Consideration (Factors) that form part of Pharmac's then current Operating Policies and Procedures (OPPs), as published on Pharmac's website ([www.pharmac.govt.nz](http://www.pharmac.govt.nz)), to the extent applicable. More information on the Factors can be found at [www.pharmac.health.nz/factors-for-consideration](http://www.pharmac.health.nz/factors-for-consideration).

The requirement for Pharmac to pursue its statutory objective means that particular emphasis will be given to those aspects of proposals which demonstrate "health outcomes", and those aspects of proposals which demonstrate the impact on the "funding provided" for pharmaceuticals. Those Factors which relate directly to these aspects will be given the greatest weight by the Evaluation Committee, but all Factors are important.

The information to be taken into account in applying the Factors by the Evaluation Committee will include, in particular:

  - (iv) notwithstanding clauses 2.3(c)(i), (c)(ii) or (c)(iii) above, Pharmac may agree a process with you, that results in your brand of the Pharmaceutical, which includes a rebate, being available for supply, and you must supply the Pharmaceutical, at the Price from the 22<sup>nd</sup> day of the month prior to the Start Date, and you shall provide price support to any wholesalers and other such distributors for a maximum 4 weeks stock on hand (or such other level of stock as agreed between you and Pharmac) of the Pharmaceutical held at any wholesalers and other such distributors, provided that such wholesalers and other such distributors can provide you with stock on hand reports upon request.

## Schedule 4

### 2.4 Supply Price

During each of the First Transition Period, the Principal Supply Period and the Final Transition Period, the price at which the Pharmaceutical is supplied by you to any wholesalers, other such distributors and/or to a Health NZ Hospital, must not exceed the Price.

### 2.5 Pharmaceutical Price

You warrant that the Price is inclusive of all costs, for example but not limited to any costs relating to manufacturing, supply chain and price fluctuations, which may occur during the First Transition Period, the Principal Supply Period and the Final Transition Period.

### 2.6 No reference pricing during Principal Supply Period

The subsidy payable for the Pharmaceutical will not be reduced as a result of a reduction in the reference price for the therapeutic sub-group of which it is a member during the Principal Supply Period. For the avoidance of doubt, Pharmac will not be prevented from applying its reference pricing mechanisms to the Pharmaceutical to reduce the subsidy payable for it from the End Date.

### 2.7 Unsold stock following delisting

You acknowledge and agree that the price at which you are required to supply any Pharmaceutical under this Agreement incorporates, if applicable, any costs incurred by you associated with unsold stock of the Pharmaceutical held by you or any wholesaler or other distributor, after the Pharmaceutical has been delisted or after notification that it will be delisted.

### 2.8 Invoices to hospitals

Where a Health NZ Hospital is to be invoiced for the Pharmaceutical, you are to invoice the particular Health NZ Hospital at the end of each month, but no later than the 10<sup>th</sup> day following the month to which the invoice in respect of the Pharmaceutical relates, specifying for the Pharmaceutical supplied during that month:

- (a) your delivery note reference number;
- (b) the particular Health NZ Hospital's purchase order reference number (if applicable);
- (c) the net amount payable in respect of the Pharmaceutical supplied to that Health NZ Hospital in accordance with this Agreement;
- (d) full details in respect of the Pharmaceutical supplied to that Health NZ Hospital in accordance with this Agreement, including the:
  - (i) Health NZ Hospital item codes;
  - (ii) quantity of the Pharmaceutical supplied;
  - (iii) price of the Pharmaceutical;
  - (iv) cost of freight for orders that included the Pharmaceutical (only where applicable under clause 2.2(b) above);

## **Schedule 4**

- (v) total cost for the total amount of the Pharmaceutical supplied; and
- (e) any other information that Health NZ Hospital requires you to supply.
- (f) The provisions of clause 2.8 do not apply to the extent that both parties have agreed to alternative or varied invoicing arrangements in respect of a particular Pharmaceutical.

### **2.9 Payment by hospitals**

- (a) Provided that the Pharmaceutical has been supplied in accordance with this Agreement, and the particular Health NZ Hospital receives an invoice in accordance with clause 2.8 above, payment by the Health NZ Hospital to you of the amount required to be paid by it is expected to occur:
  - (i) by electronic funds transfer or such other method of payment as is designated by that Health NZ Hospital;
  - (ii) on the 20<sup>th</sup> day of the month following the month to which the invoice for the Pharmaceutical relates, or, if the 20<sup>th</sup> day of the month is not a Business Day, then on the next Business Day following the 20<sup>th</sup> of the month.
- (b) Where you invoice a Health NZ Hospital later than the 10<sup>th</sup> day following the month to which the invoice in respect of the Pharmaceutical relates then, provided that the Pharmaceutical has been supplied in accordance with this Agreement, and the invoice otherwise accords with clause 2.8 above, payment by the Health NZ Hospital to you of the amount required to be paid by it is expected to occur:
  - (i) by electronic funds transfer or such other method of payment as is designated by that Health NZ Hospital;
  - (ii) on the 20<sup>th</sup> day of the month following the month in which you invoice the Health NZ Hospital for the Pharmaceutical, or, if the 20<sup>th</sup> day of the month is not a Business Day, then on the next Business Day following the 20<sup>th</sup> of the month.

### **2.10 Future payment by hospitals**

- (a) A particular Health NZ Hospital's failure to dispute any invoice prior to payment does not prejudice that Health NZ Hospital's right subsequently to dispute the correctness of such an invoice, nor its ability to recover any amount of overpayment from you.
- (b) A Health NZ Hospital may withhold, deduct or set off the amount of any overpayment or any amount recoverable by that Health NZ Hospital from you under this Agreement from any future amount owing to you.

### 3. Principal Supply Status

---

#### 3.1 Principal Supplier

- (a) Subject to:
  - (i) Pharmac's other rights under this Agreement in relation to the Pharmaceutical; and
  - (ii) this clause 3 of Schedule Four relating to the Alternative Brand Allowance,

Pharmac will not subsidise another supplier's brand of the Pharmaceutical on the Pharmaceutical Schedule and/or Health NZ Hospitals will not purchase another supplier's brand of the Pharmaceutical, at any time during the Principal Supply Period.
- (b) This clause does not prohibit Pharmac from entering into negotiations or arrangements with, or inviting tenders from, other suppliers to be the principal supplier of any forms and strengths of the Chemical Entity, if such supply commences after the end of the Principal Supply Period.
- (c) For the avoidance of doubt, Pharmac may lower the subsidy applicable to a Pharmaceutical during the Final Transition Period as it sees fit, including lowering the subsidy of a Pharmaceutical as a result of the implementation of new tender arrangements.
- (d) You shall have Principal Supply Status during the Principal Supply Period, which shall be subject to the Alternative Brand Allowance, where other supplier brands of the Pharmaceutical may be subsidised in the community and/or purchased by Health NZ Hospitals.
- (e) The Alternative Brand Allowance referred to in paragraph (a) above is specified as a percentage of the Total Pharmaceutical Volume for the Pharmaceutical, that percentage being as set out in Schedule Two.
- (f) You acknowledge and agree that any other supplier brands of the Pharmaceutical may be concurrently listed on the Pharmaceutical Schedule at any time during the First Transition Period, the Principal Supply Period and the Final Transition Period and your rights under this Agreement do not extend to an exclusive listing of the Pharmaceutical on the Pharmaceutical Schedule.

#### 3.2 Exceptions to Principal Supply Status

- (a) Pharmac may, from time to time during the Principal Supply Period or the First Transition Period, amend the Alternative Brand Allowance for the Pharmaceutical after consultation with a relevant medical adviser (being either the Ministry of Health, PTAC or its Specialist Advisory Committees), provided that Pharmac may only increase the Alternative Brand Allowance without your prior agreement if it has a direction to that effect from Medsafe or its successor, or a recommendation that it do so from PTAC or its Specialist Advisory Committees, based on a significant clinical issue.
- (b) Subject to clause 3.3 of this Schedule, you acknowledge and agree that while you have Principal Supply Status:

## Schedule 4

- (i) other supplier brands of the Pharmaceutical may be subsidised in the community and/or purchased by Health NZ Hospitals, subject to the Alternative Brand Allowance; and
- (ii) without derogating from any other rights available to Pharmac or Health NZ under this Agreement or otherwise, if you fail to supply the Pharmaceutical in accordance with this Agreement (other than for a reason that Pharmac reasonably considers, following discussion with you, to be wholly outside your control) at any time during the Principal Supply Period, then the Alternative Brand Allowance shall not apply and other supplier brands of the Pharmaceutical may be subsidised in the community and/or purchased by Health NZ Hospitals without limitation during that period of non-supply and any calculation performed in accordance with clause 3.3 below shall exclude that period of non-supply.

### 3.3 Principal Supply Status Monitoring

- (a) If you reasonably believe that the percentage usage of other supplier brands of the Pharmaceutical subsidised in the community and/or purchased by Health NZ Hospitals exceeds the Alternative Brand Allowance for a particular Pharmaceutical during the Principal Supply Period, you may at any date after a three (3) month period following the end of any Relevant Period, request that Pharmac carry out calculations for that Relevant Period in accordance with the procedure set out in this clause 3.3, and Pharmac may, acting reasonably, agree to carry out such calculations, provided that if Pharmac refuses to carry out such calculations, it will provide you with the reasons for refusing to do so. For the avoidance of doubt, where you have Principal Supply Status for both community and hospital supply of a Pharmaceutical, Pharmac will carry out any calculations for those markets in combination, with a single, combined figure to be used for each of Total Pharmaceutical Volume and Total Brand Allowance Pharmaceutical Volume when carrying out the calculations below.
- (b) Within 30 Business Days of Pharmac accepting your request to carry out calculations in accordance with paragraph (a) above, Pharmac shall carry out the following calculations for the Relevant Period in question:
  - (i)  $(\text{Total Brand Allowance Pharmaceutical Volume} / \text{Total Pharmaceutical Volume}) \times 100 = \text{Brand Allowance Indicator}$ ;
  - (ii)  $\text{Brand Allowance Indicator} - \text{Alternative Brand Allowance} = \text{Brand Differential}$
- (c) In the event the Brand Differential is a number greater than zero i.e. a positive amount, Pharmac shall carry out the following calculations for the Relevant Period in question:
  - (i)  $\text{Total Pharmaceutical Volume} / 100 = \text{Volume Multiplier}$ ;
  - (ii)  $\text{Volume Multiplier} \times \text{Brand Differential} = \text{Eligible Volume}$ ;
  - (iii)  $(\text{Eligible Volume} \times \text{Unit Price and/or Unit Subsidy}) / 2 = \text{Brand Compensation}$
- (d) Pharmac will notify you in writing of any Brand Compensation payable or not in accordance with paragraphs (b) and (c) above and will provide you with the details of the relevant party or parties to be invoiced for any Brand Compensation payable. Following such notification to you from Pharmac, you may invoice the relevant party or parties for the Brand Compensation.

## Schedule 4

- (e) You acknowledge and agree that the data extracted from the records used by Pharmac are the best data and those records are the best records, for the purposes of carrying out the calculations.
- (f) You may, within 10 Business Days following notification of the outcome of the calculations in accordance with paragraph (d) above (the “**Calculation**”), notify Pharmac in writing that you dispute the particular Calculation and that you require an audit of that Calculation to be carried out. If you do give a notice to Pharmac under this clause within that 10-Business Day period, then the following provisions are to apply:
  - (i) The audit is to be carried out by an independent person jointly approved by us or, if there is no agreement on a mutually acceptable person within 5 Business Days of the date of your notice under this clause, then by an independent person nominated for that purpose by the President for the time being of the Institute of Chartered Accountants of New Zealand.
  - (ii) The independent person is to audit the particular Calculation, which is disputed by you, based on all relevant electronic data which is extracted by Pharmac from the records maintained by it. For the avoidance of doubt, the independent person will have no right to inspect, review or have access to the written prescriptions on which the data extracted by Pharmac from those electronic records are based, nor any right to request copies of those written prescriptions.
  - (iii) In carrying out the audit, the independent person is to be considered as acting as an expert and not as an arbitrator.
  - (iv) The independent person will be required to complete the audit, and to provide us with a written determination in that regard, within 5 Business Days of receiving all the information required by the independent person to make a determination and, in any case, no later than 10 Business Days from the date of his or her acceptance of appointment or nomination under this clause, unless we agree otherwise. The independent person’s determination of the particular Calculation is to be final and binding on both of us.
  - (v) The costs incurred by the independent person in completing the audit are to be met by you, irrespective of the outcome of the audit.

### 3.4 Withdrawal of Principal Supply Status

- (a) Pharmac may withdraw Principal Supply Status in relation to the Pharmaceutical (in which case clauses 3.1 and 3.3 of this Schedule Four will no longer apply), by written notice to you at any time during the Principal Supply Period or (in anticipation) during the First Transition Period in the event of a Supply Issue, or in accordance with any advice from Medsafe or clinical advice, based on patient safety or any other clinical reasons.
- (b) Any withdrawal of Principal Supply Status is without prejudice to Pharmac’s rights under clauses 5.5 and 5.6 of this Schedule Four.

### 3.5 Suspension of Principal Supply Status

- (a) Pharmac may suspend Principal Supply Status in relation to the Pharmaceutical, by written notice to you at any time during the Principal Supply Period or (in anticipation) during the First Transition Period in the event of a Supply Issue, or in accordance with any advice from Medsafe or clinical advice, based on patient safety or any other clinical reasons.

## Schedule 4

- (b) Any suspension of Principal Supply Status is without prejudice to Pharmac's rights under clauses 5.5 and 5.6 of this Schedule Four.
- (c) Pharmac may, at any time, in its sole discretion, notify you of the date on which the suspension of Principal Supply Status under this clause 3.5 ceases and on which date:
  - (i) Principal Supply Status is to be re-implemented in respect of the Pharmaceutical; or
  - (ii) Principal Supply Status is to be withdrawn in accordance with clause 3.4 of this Schedule Four.

### 3.6 Subsidy and supply arrangements after the End Date

- (a) Subject to paragraphs (b) and (c) below, the Pharmaceutical is to continue to be the subject of a listing agreement between you and Pharmac with effect from the End Date, and accordingly:
  - (i) you will cease to have Principal Supply Status for that form and strength of the Chemical Entity or you will cease to have Principal Supply Status for hospital supply in respect of an item conforming to the individual specifications described for the item in the product list in clause 2 of Schedule Two which the Pharmaceutical was listed as conforming with (in the case of any Pharmaceutical that is a Medical Device);
  - (ii) the Pharmaceutical will remain listed in the Pharmaceutical Schedule subject to the current standard terms Annex of Pharmac's Agreement for the listing of Pharmaceutical(s) on the New Zealand Pharmaceutical Schedule contract template;
  - (iii) you may increase the price ex-manufacturer (exclusive of GST) at which you sell or supply, or make available for supply or sale, by you, to:
    - (A) in relation to community supply, any wholesalers and other such distributors; or
    - (B) in relation to hospital supply, Health NZ Hospitals, any wholesalers and other such distributors,

on giving Pharmac six months' written notice of that price increase. You may provide Pharmac with this written notice at any time after, but not before, the End Date, subject to sub-paragraphs (A) to (C) as follows:

- (A) Pharmac reserves the right to consult on any subsidy increases prior to determining whether to increase the subsidy for the Pharmaceutical to the new price notified under this paragraph (a)(iii);
- (B) Where you increase the price at which you supply the Pharmaceutical under this paragraph (a)(iii), you will not subsequently increase the price at which you supply the Pharmaceutical for at least 12 months from the effective date of the price increase;
- (C) Where you did not obtain Market Approval and all necessary Consents for the Pharmaceutical within 12 months following the Deadline, you may not provide six months' written notice of any price increase until a date on or after 12 months following the End Date.

#### Schedule 4

- (iv) if Pharmac does not increase the subsidy or price for the Pharmaceutical to the new price notified under paragraph (a)(iii) above, you may withdraw the Pharmaceutical from supply on not less than six months' prior written notice;
- (v) if Pharmac does increase the subsidy or price for the Pharmaceutical to the new price notified under paragraph (a)(iii) above, you may withdraw the Pharmaceutical from supply on not less than two years' prior written notice (except where the withdrawal is due to a Force Majeure Event); and
- (vi) if at the time of providing notice under paragraph (a)(v) above, you advise Pharmac that you are required to purchase a significant quantity of extra stock of the Pharmaceutical to enable you to continue to supply for the two-year period, and you advise Pharmac of the total cost of that stock, Pharmac will either:
  - (A) use reasonable endeavours to enter into an agreement to reimburse you for stock that remains unsold at the end of that two-year period; or
  - (B) release you from your obligations to supply under this paragraph (a).
- (b) Pharmac may at its sole discretion, with effect from the End Date:
  - (i) require that the Pharmaceutical does not continue to be the subject of a listing agreement, in which case Pharmac will give you written notice not less than three months prior to the End Date; and/or
  - (ii) apply any of the strategies under Pharmac's then current OPPs to the Pharmaceutical (including delisting the Pharmaceutical after the Final Transition Period).
- (c) In the event Pharmac applies any of the strategies described in paragraph (b)(ii) above, you may withdraw the Pharmaceutical from supply on not less than six months' prior written notice. You may provide Pharmac with this written notice at any time after, but not before, the date that the particular strategy takes effect in the Pharmaceutical Schedule.
- (d) Where a Pharmaceutical is designated an ASP, Pharmac will provide at least two months' written notice of another supplier's brand of the Pharmaceutical being listed on the Pharmaceutical Schedule and a seven-month initial transition period.

## Schedule 4

- (b) In particular, and without limiting the generality of clause 4.1(a) above, you:
- (i) acknowledge that Pharmac requires the provision of Unique Product Identifiers in order to implement the listing of each Pharmaceutical and you agree to obtain and notify Pharmac of the Unique Product Identifiers of each Pharmaceutical as follows:

For the avoidance of doubt, this requirement does not apply in relation to any Pharmaceutical that is a Medical Device;

- (ii) agree to provide Pharmac with digital photos of the Pharmaceutical (e.g. tablet, vial or patch) and its associated packaging, which will be supplied to the New Zealand market, when the Pharmaceutical is available for distribution in New Zealand. If any changes are made to the Pharmaceutical or its associated packaging whilst the Pharmaceutical is listed on the Pharmaceutical Schedule, you shall provide Pharmac with updated digital photos as soon as practicable following those changes being implemented;
- (iii) agree that in the event that you supply an Alternative Pharmaceutical in accordance with this Agreement, or in the event of a Changed Medicine Notification for a Pharmaceutical, you must notify Pharmac of any changed Unique Product Identifiers (or advise if there is no change) as soon as practicable;
- (iv) acknowledge that in the event the listing of the Pharmaceutical includes Special Authority criteria or any other access criteria, you must, for the duration that the Pharmaceutical is listed:
- (A) notify Pharmac in the event the Data Sheet is amended in a manner which, when considered in the context of any current Special Authority criteria or other current access criteria, could impact on patient safety; and
- (B) provide Pharmac with a summary of the amendment to the Data Sheet as set out in clause 4.1(b)(iv)(A) above;

Following the notification in clause 4.1(b)(iv)(A) Pharmac reserves the right at its sole discretion to amend the Special Authority criteria or any other access criteria for the Pharmaceutical based on patient safety;

## Schedule 4

- (v) acknowledge that Pharmac may require stock reports and batch details held by you for the Pharmaceutical and you agree to provide all such stock reports and batch details to Pharmac upon request;
- (vi) acknowledge that Pharmac may require price and volume data held by you relating to sales of the Pharmaceutical and you agree to provide all such price and volume data to Pharmac upon request; and
- (vii) agree that Health NZ may provide Pharmac and its agents with any price and volume data held by Health NZ in respect of the Pharmaceutical, and Pharmac may share any price and volume data held by Pharmac with Health NZ.

### 4.2 Supply Issues Reporting

  - (i) average usage of the Pharmaceutical in New Zealand;
  - (ii) quantity of Pharmaceutical stock:
    - (A) held by you (or on your behalf) in New Zealand;

- (a) each minimum stock holding specified in the table in respect of an ASP or non-ASP Pharmaceutical is independent and separate from the other minimum stock holdings specified in the table, such that a failure to meet any of these minimum stock holding requirements for (as applicable) an ASP or non-ASP Pharmaceutical will be a Supply Issue; and
- (b) the minimum stock holdings set out in the table refer to stock physically held by you or on your behalf in New Zealand and do not include stock held in New Zealand by any wholesalers or other parties.

### 5.2 Continuity of Supply

- (a) You must supply, and continue to supply, the Pharmaceutical on the terms set out in this Agreement.
- (b) You warrant that you have entered into all contractual and other arrangements to the extent necessary, including licence and supply agreements with third parties, to ensure that you will meet all of your obligations under clause 5.2(a) above and this Agreement generally.

  - (ii) you plan any changes to your ordering or delivery systems;
