

# Bisacodyl: Your brand is changing

Bisacodyl-AFT is your new brand

Your new brand of bisacodyl is called “Bisacodyl-AFT”.

## Different name, but it will work the same

Bisacodyl-AFT is made by a different company than your previous brand. However, it contains the same active ingredients in the same amount. It should work in your body the same way as Bisacodyl Viatrix.

## Why is this happening?

This is a tender brand change. Every year, Pharmac runs a tender process to reduce the cost of many medicines used by New Zealanders.

Your brand change is helping fund more medicines for more New Zealanders.

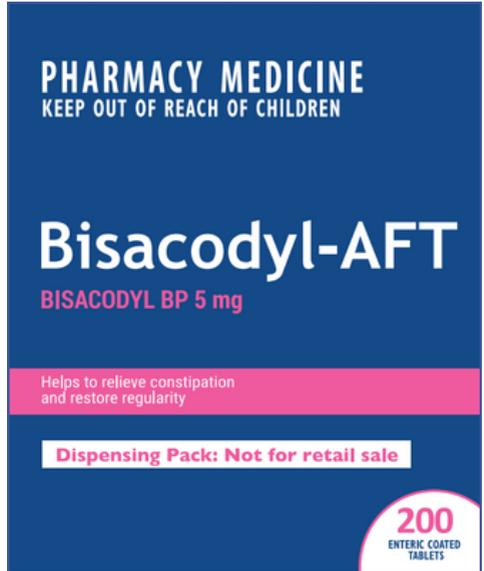

## More information

There's more information about this on our website. Use the web address or scan the QR code with your phone.

## Bisacodyl-AFT box

The Bisacodyl-AFT box is blue and pink.

The Bisacodyl-AFT tablet is the same size and a similar yellow colour to your previous bisacodyl.
