

Lanzol Relief | Supply issue

Due to problems at the factory, your usual lansoprazole capsules (Lanzol Relief) are not available.

Temporary alternative

The temporary alternative Viatris branded Lansoprazole.

This product is a tablet that dissolves on your tongue, rather than a capsule you swallow.

Same active ingredient

The tablets contain the same active ingredient, in the same amount.

Your informed consent needed

This medicine is approved for use in other countries, but Medsafe hasn't approved this product for New Zealand.

Because of this your prescriber and pharmacist have extra steps they have to follow.

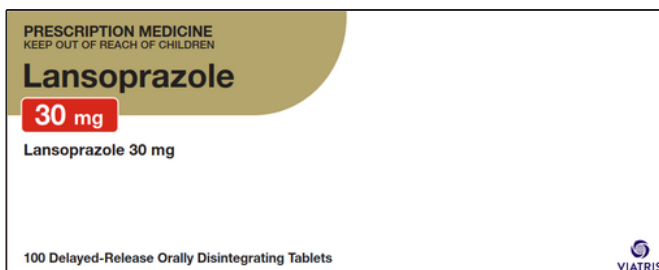

These include talking to you about what this means and getting your informed consent.

More information

There's more information about this on our website. Use the web address or scan the QR code with your phone.
