

# Oxycodone immediate release

There is a supply issue affecting your treatment

## What's happening?

Due to shipping delays, the oxycodone strength you were prescribed is out of stock

## We're sorry for the disruption

We work hard to stop supply issues affecting people, but unfortunately we haven't been able to avoid this one.

## More information

You can find more information about this issue on our website.

## Talk to the person who prescribed your oxycodone

If you cannot wait until oxycodone immediate release is back in stock, you will need a new prescription.

You may need to take a different number of tablets or you may need to try a different medicine.

Your prescriber knows your situation and what treatment options will be best for you.
