

Enalapril brand change

Ipca-Enalapril is your new brand

Your brand of enalapril has changed from Acetec to Ipca-Enalapril.

Same active ingredient, in the same amount

Medsafe has approved this brand. It has exactly the same active ingredient as Acetec. It should work in your body the same way.

Talk to a health professional you trust

Changing brands can raise some questions. You should talk to someone you trust about what to expect.

More information
