

There is a supply issue affecting Vebulis nebuliser solution.

Temporary new brand

This product is made by the same company and the formulation is identical.

It will come in a box in English with English, but the nebulises are labelled in Turkish. The nebulises have the same brand name "Vebulis" but all other writing is in Turkish.

Your informed consent needed

Because Medsafe hasn't approved this, your prescriber and pharmacist have extra steps they have to follow.

These include talking to you about what this means and getting your informed consent.

More information

There's more information about this on our website. Use the web address or scan the QR code with your phone.
