

Your Coversyl is updating

You will need a new prescription

Why is Coversyl changing?

The version of Coversyl that has been available in New Zealand is no longer being made.

A new version of Coversyl will be available instead.

There are some small differences between the versions, but the new version is as effective as your current Coversyl.

More information

You can find more information, including pictures of the new Coversyl, on our website. Use the web address or scan the QR code with your phone.

www.pharmac.govt.nz/Coversyl

New prescription needed

The slight change to part of the active ingredient means that the strength of tablet you need to take has changed.

3 months supply available again

You will be able to pick up 3 months' supply of Coversyl again after 1 September.

No data? No problem!

- Go to **www.zero.govt.nz**
- Select Pharmac
- Browse the site without using any mobile data.
