

Dispyramide (Rythmodan) New Look

New look packaging

Your Rythmodan has new packaging.

It is going from packaging made for the UK (Neon) to packaging made for Japan (Cheplapharm).

More information

There's more information about this on our website. Use the web address or scan the QR code with your phone.

www.pharmac.govt.nz/rythmodan

UK Rythmodan (Neon)

Not shown to scale

Same medicine, same ingredients

It is the same medicine inside. The capsules have the same active ingredient in the same quantity.

Not Medsafe approved

Neither the UK nor the Japanese packaged product is approved by Medsafe for use in New Zealand.

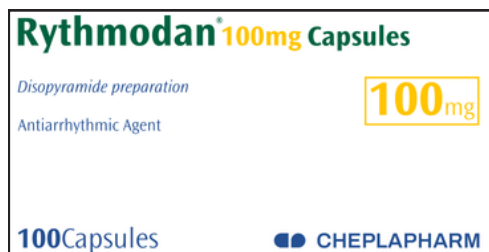

Both products are approved for use in their home country.

Your informed consent needed

Because Medsafe hasn't approved this, your prescriber and pharmacist have extra steps they have to follow.

Your prescriber will talk to you about what this means and get your informed consent.

Rythmodan (Cheplapharm)

The box has the same information in Japanese on the other side.
