

20th July 2026

Dear Pharmacist,

Supply of VEDAFIL® (Sildenafil) 25 mg and 50 mg

We would like to advise that, due to limited available stock of VEDAFIL 25 mg and 50 mg, we currently have sufficient supply to support only those patients with a **valid Special Authority approval for a funded indication**.

To help ensure continuity of treatment for these patients, we kindly ask that you:

- **Dispense VEDAFIL (sildenafil) 25 mg and VEDAFIL 50 mg only to patients with a current, valid Special Authority for a funded indication, and**
- Verify the Special Authority approval before dispensing, where appropriate.

If a patient does not have a valid Special Authority for a funded indication, please do not dispense stock intended for funded use. Instead, we recommend asking the prescriber to discuss alternative management options or, where clinically appropriate, to arrange a Special Authority application.

We appreciate your assistance and understanding in helping to ensure that the available supply is prioritised for patients eligible for funded treatment during this period.

We will provide further updates as soon as possible.

Thank you for your ongoing support.

Yours sincerely,

Sean Stewart
